Member Profile

In addition to the basic information provided when registering your account, you can edit your basic information and enter university information, members profile information, employment information, Society of Actuaries information, General Actuarial Information and volunteering opportunity information.

- I. After signing in, point your internet browser to <u>www.chicagoactuarialassociation.org</u> and click on the Profile link (circled red below in Figure 11)
- II. Select the Profile tab below your picture, and either view or edit your information (circled red below in Figure 11). Certain address fields for your university and employer will auto-complete based on Google Maps.
- III. You can upload a picture to your profile by selecting the "Change Profile Photo" option.

Figure 1. Selectively update your profile information.

The Chicago Actuarial Association protects the confidentiality of your profile information. The table below shows all fields of information gathered for your profile, whether it is required, and its visibility to the public. Most fields are optional and only visible to the member. The only field that is required and is visible to everyone is your full name. All other information is used by Chicago Actuarial Association to better tailor programming and provide opportunities to the local actuaries. Entering the data and its disclosure to the public is optional.

Groups

The Chicago Actuarial Association connects actuaries in the Chicagoland area through engaging educational and social events. Now the Chicago Actuarial Association does this virtually as well. We have added group functionality as shown below in Figure 12. There are three main types of groups for now:

- Study groups for actuarial students who are studying for the same exam can find each other (only MLC and MFE at this point)
- A book swap group for actuarial students to pass on exam materials to each other
- A mentorship group for mentors to find mentees and vice versa

Request the formation of additional groups by emailing <u>techsupport@chicagoactuarialassociation.org</u>
